

**TELANGANA TRIBAL WELFARE  
RESIDENTIAL DEGREE COLLEGE  
(BOYS)  
BOATH @ ADILABAD**

**DEPARTMENT OF ECONOMICS**

## **Profile of Economics Department**

The Economics Department at Telangana Tribal Welfare Residential Degree College in Adilabad since its establishment in 2017. Over the past few years, the department has demonstrated exceptional dedication to academic excellence and has become an inspiration of learning within the institution.

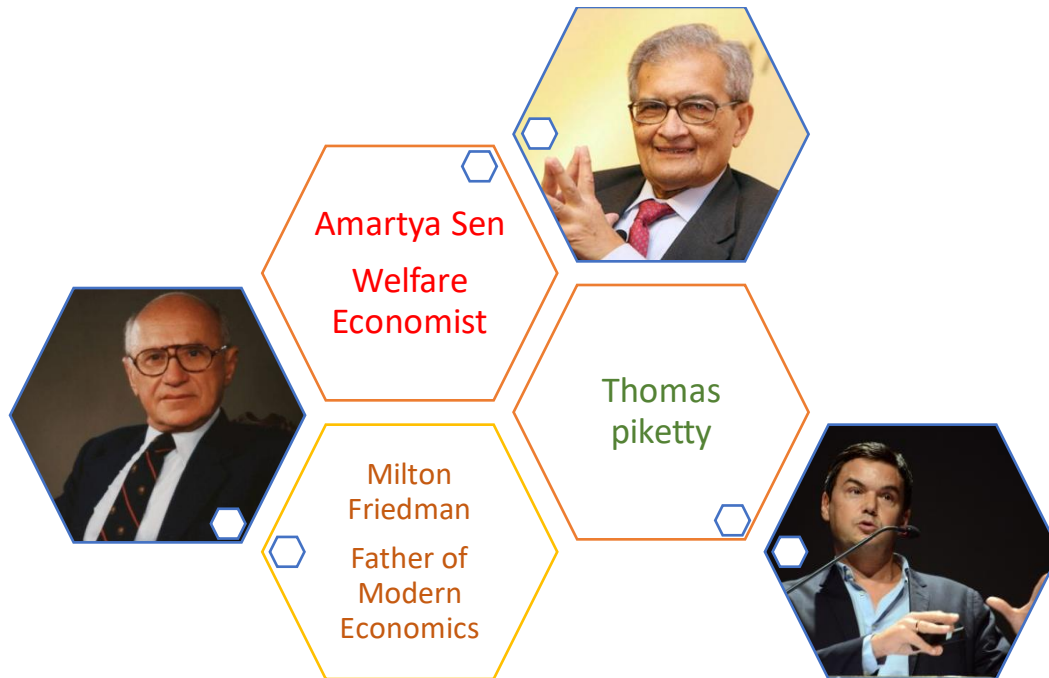

Under the guidance of experienced faculty members and with the enthusiastic participation of students, the Economics Department has consistently strived for excellence in teaching, research, and community engagement. Through innovative teaching methodologies and interdisciplinary approaches, the department has successfully fostered a stimulating learning environment that encourages critical thinking and analytical skills among students.

Furthermore, the department has been instrumental in organizing seminars, workshops, and guest lectures featuring prominent economists and experts from academia, industry, and government sectors. These events have provided valuable insights and networking opportunities for students, helping them to

gain a deeper understanding of real-world economic issues and to explore potential career paths beyond academia.

In addition to academic pursuits, the Economics Department has been actively involved in community outreach programs and initiatives aimed at promoting economic literacy and social empowerment among marginalized communities in the region. Through collaborative projects and partnerships with local organizations, students and faculty members have worked towards addressing socio-economic challenges and promoting sustainable development in tribal areas.

In conclusion, the Economics Department at Telangana Tribal Welfare Residential Degree College, Adilabad, has made significant strides in a relatively short span of time, emerging as a dynamic hub of intellectual inquiry, academic excellence, and community engagement. As we look towards the future, I am confident that the department will continue to uphold its commitment to excellence and make meaningful contributions to the advancement of knowledge and the welfare of society.

## **Vision and Mission**

### **Vision:**

Empowering Tribal Communities Through Economic Excellence, the Department of Economics at [Tribal Welfare Residential College Name] is committed to nurturing the professional growth of graduate students through mentorship, internships, and networking opportunities. We foster interdisciplinary collaboration, recognizing the complexity of economic issues facing tribal communities and the need for diverse perspectives. Our programs cultivate a global mindset, exposing students to international economic systems and development issues, preparing them to address challenges within tribal communities worldwide.

We promote entrepreneurship and innovation, equipping students with the skills to drive economic growth and positive change. Advocating for tribal welfare and economic justice, we empower students to lead initiatives and shape policies that promote social equity and champion the rights of tribal

peoples. Our focus on lifelong learning ensures graduates continue to make impactful contributions, fostering sustainable development and well-being within tribal communities and beyond. Through these initiatives, we inspire and support students in becoming catalysts for economic empowerment and social justice.

**Mission:**

The Department of Economics at Telangana Tribal Welfare Residential degree Collage Boath @Adilabad is dedicated to fostering economic empowerment and sustainable development within tribal communities. Our mission encompasses the following:

1. Academic Excellence: We strive to provide high-quality education in economics, equipping our students with the knowledge, skills, and critical thinking abilities necessary to analyse and address economic challenges facing tribal societies in particular and society as a whole.
2. Research and Innovation: We are committed to conducting research that advances understanding of tribal economies and contributes to the development of effective policies and strategies for tribal welfare and economic growth.
3. Community Engagement: We actively engage with tribal communities to understand their needs, aspirations, and economic priorities.
4. Cultural Sensitivity: We recognize and respect the cultural heritage and traditional knowledge of tribal peoples. Our curriculum and activities are designed to integrate indigenous perspectives and values, ensuring that our approach to economics is culturally sensitive and relevant to the communities we serve.

5. Empowerment Through Education: We believe that education is a powerful tool for empowering individuals and communities. Through our programs, we aim to empower tribal students with the knowledge and skills they need to pursue careers in economics, contribute to the development of their communities, and advocate for positive change.

6. Ethical Leadership: We instill in our students a commitment to ethical principles and social responsibility. We emphasize the importance of using economic knowledge and expertise to promote equity, justice, and sustainability in tribal societies.
