NCC History

The NCC in India was formed with the **National Cadet Corps Act of 1948**. It was raised on **15 July 1948**. The National Cadet Corps can be considered as a successor of the University Officers Training Corps (**UOTC**) which was established by the British in 1942. During World War II, the UOTC never came up to the expectations set by the British. This led to the idea that some better schemes should be formed, which could train more young men in a better way, even during peace times. A committee headed by **Pandit H.N. Kunzru** recommended a cadet organization to be established in schools and colleges at a national level. The National Cadet Corps Act was accepted by the Governor General and on **15 July 1948** the National Cadet Corps came into existence.

During the 1965 and 1971 wars with Pakistan, NCC cadets were the **second line of defence**. They organized camps to assist the ordinance factories, supplying arms and ammunition to the front, and also were used as patrol parties to capture the enemy paratroopers. The NCC cadets also worked hand in hand with the Civil Defence authorities and actively took part in rescue work and traffic control. After the 1965 and 1971 India-Pakistan wars the NCC syllabus was revised. Rather than just being the second line of defence, NCC syllabus laid a greater stress on developing qualities of **leadership and Officer-like qualities**. The military training which the NCC cadets received was reduced and greater importance was given to other areas like **social service and youth-management**.

NCC FLAG

NCC Flag Contains NCC Crest in gold in the middle, with the letters "NCC" encircled by a wreath of seventeen lotus with a background in Red, Blue and Light blue. Red depicts the Army, Deep Blue depicts the Navy and Light Blue depicts the Air Force. The seventeen lotuses represent the **17 State Directorates**. **"Unity of Discipline" (Ekta aur Anushasan)** is written at the bottom of the NCC Flag.
