4	The learning experience from seminars/workshops/visits was useful in my career.	114	151	24	0	0
5	Sessional and end-semester Exams conducted well in Time with proper coverage Of all units in the curriculum.	143	119	27	0	0
6	Design of the course Curriculum Encourages/motivates extra Learning or self-learning	95	144	50	0	0

The analysis of alumni feedback reveals an overall positive perception of the undergraduate program’s curriculum and learning experiences. Alumni generally appreciated the well-structured curriculum, effective delivery of lectures and practical’s, usefulness of seminars and workshops, and timely conduct of exams. Moreover, the curriculum was deemed to adequately meet the prerequisite knowledge required for their careers and encouraged extra learning. While there were minimal concerns expressed in some areas, such as the relevance of certain course components, the overwhelming consensus indicates a high level of satisfaction with the educational experience provided by the college. These insights underscore the importance of continued efforts to maintain and enhance the curriculum’s alignment with industry needs and foster a supportive environment for lifelong learning.

Action taken report:

The college will continue to foster an environment that promotes self-directed learning by providing resources and support for students to pursue additional knowledge and skills beyond the classroom by conducting experiential methods in-class activities.
