e-mail: ttwrdcgirls.deverakonda@gmail.com;   Mobile No:9908330585

WELCOME MESSAGE FROM THE PRINCIPAL

On behalf of everyone at TTWRDC WOMEN'S DEVARKONDA, Welcome to our college and wonderful community. Our priority is provide a safe, secure and engaging, learning environment one that is inclusive ambitious and challenging. Our amazing students come from all corners of the Telangana. We believe in creating a college culture where our parents and students know us, like us and most importantly trust us. Our teachers know their students well and encourage each of them to reach their full potential and achieve their aspiration.

The Positive relationships we build with our parents or a key part of the Home-College dynamic, which has the needs of every student at its core.

Our teachers are highly dedicated and put every child at the heart of everything they do. Our staff are deeply passionate about providing high-quality education, both in and outside the classroom, to ensure our students have the best possible chances of success both while at college and in the future.

Our rich programme of extracurricular provision provide opportunity for students to develop and flourish in

Sports, music and academia, where they can develop key life skills including confidence, teamwork and leadership. As a professional learning community, we are committed to providing challenging educational opportunities for our students every single day.

OVER VIEW

Telangana Tribal Gurukula Women's Degree College, Nalgonda District Devarakonda, on the road to Dindi Project, Telangana Aruku Valley, 25 km from Devaracherla, Achampeta forests, vast, beautiful, vegetation, awe. There is an evocative scene. Nature enchants the college area Our college is built in Mynampally village amidst lush greenery and beautiful trees. As part of KG to PG, 18 women's degree colleges, Devarakonda women's degree college is one of 22-degree colleges and 4 general colleges were started on August 23, 2017. Our college which started with the first four courses, 2018 BA, 2022 is continuing as part of the CBCS bucket system. B.Com general course has started in the year 2023. Thus, our college has spacious and well-planned buildings with total 14 courses. Well-equipped laboratory facilities for science departments, spacious sports ground, college library has a variety of books to satisfy the inquisitive minds of young scholars. A major development in the college is state-of-the-art conference room, seminar room, classrooms, jam room, dining room, mess room, study room, kitchen, computer room, NSS room, NCC room, multimedia facilities equipped with technology. Enhancing the youth with quality and free facilities, lasting experience and good theoretical knowledge to guide the children on the path of development. As our college is a public institution, the aim of the college is to provide quality education to the students. Educational activities are interspersed with extracurricular activities. On this, we have many different cultural programs, Athletics events like NSS,

NCC, Career Counseling and cultural Fest. For Higher education 1 student went for IIM Jammu.

1.B. Vineela- Haryana   2022

2. K. Sumithra –Karnataka 2023

3.p. Anjali – Karnataka   2023

4. B. Swathi, IIM went to Jammu from our college for higher studies

The teaching and learning process in accordance with the prescribed evaluation parameters is one of quality, our college management practices are NEP 2020 Accordingly, our college strives to train the youth with various skills.

Student Life

R. Abhitha BZC III   **Life sciences**

Being a student in a college having Laboratories and a peaceful environment encourages us to achieve something. There are so many extra circular activities like visiting CCMB, Medicinal plants collection, club activity like Stem club brings a positive approach to learning.

S. Swapna MPCS III   **Physical sciences**

Science with practical knowledge brings us to build a wide range of enthusiasm of learning something in application manner. Now a days Data science is a trending course. Data science camps are done by Gurukulam Society. Through this camps most of the students are getting a high paid job roles in many companies. Computer labs with high-speed internet brings us to develop coding skills.

P. Anjali BCOM III   **Commerce**

Our college welcomes us bringing positive guidance towards the future. As a commerce student, we are participating in many activities like Food festival to develop marketing skills,

during this fest we all are going to prepare a variety of food items coordination with our friends. Especially field trips like visiting banks, Insurance Companies and many industries let us learn more things. As a part of Commerce club, we collect a variety of logos to increase more knowledge about companies.

Radhika BA III   **Arts**

In this era of modern culture, learning valuable historical and political changes plays a great role. Our college develops the Art of Learning Economical and political changes, International relationships in a detailed manner. As a part of Field trips, we are visited to the cotton industry and Devarakonda fort brings us great interest in Our Course as experiential learning. Our college supports for higher education and also conducts PG classes and enhancement classes to us they are very helpful for clearing competitive exams.

CGC- CAREER GUIDANCE CELL

The career guidance cell (CGC) is a source of information for guiding and counseling the students to provide training / learning opportunities in the areas of scholastic career and individual development. The career Guidance Cell provides worthy services in guiding the students for Interviews, Job Placements and training programmes which enable them to develop skills required to cater the needs of competitive world. The Cell organizes different programmes such as Seminars on Personality Development, Interpersonal Relationship, and Communication Skills etc. for improving the latent skills of the student. Create awareness among the students regarding EEE (Education, Employment and Entrepreneur).

- As a part of all round development of the. Students, Gurukulam has been offering various opportunities to the students pursuing undergrad in TTWRDC 's for higher Education. Employment different fellowships students exchange programs and training etc.
