6. Rc.No.521071/TSWREIS/RDC/1/2023,Date: 20.02.2023

@@@@@

With reference to subject cited, aof (2) Day Online Orientation program- **“A Elucidation on Research Institutions and Funding Agencies in India”**for faculty of (52) TTW & TSWREIS Degree Colleges was conducted on 19th& 20thJune, 2023 from 2.30-4.30 PM.

This program was planned in view of **opening of Zero Balance HDFC Accounts in all (52) Residential Degree Colleges** under both Societies exclusively for receiving Research grants.

The Expert Speakers- Prof.Raja Shekhar Bellamkonda and Prof. Raja Gopal Subramanyam spoke on research projects and Funding opportunities for faculty from Arts, Science and Commerce via ZOOM platform. Both the sessions were recorded and based on inputs and suggestions given by experts, a few directions are given to the Principals to share with faculty and also plan for implementation of the same wherever possible.

1. To conduct a meeting with all the staff members and design a ‘Plan of Action’ to draw a timeline to apply for research projects based on date of ‘Call for Proposals’ by different funding agencies.

2. Motivate faculty to apply for interdisciplinary/ multidisciplinary research activities and also for collaborative 'Teacher- Student' short term projects.
3. As IQAC cells are established in all institutions and NAAC work is in progress; Research; Innovation and Extension activities to be initiated with precise planning and execution.
4. Prepare a list of funding agencies; their time lines and categories in which research proposals can be applied and prepare a flexi to be put up in IQAC Coordinator room.
5. Encourage faculty to apply/ complete their Doctoral Degree, since it is an eligibility criterion to apply with most of the funding agencies; would add to their professional CV and also in view of NAAC accreditation process.
6. Fasten the process of acquiring 2(f) status of UGC as it is one of the criteria to apply for research funds.
7. Focus of SERB- FIST, for procuring funds to meet laboratory requirements and their upgradation as per the syllabus demands.
8. As suggested by Expert Speaker, institutions can plan to devise a MOOCs course and upload them in SWAYAM portal or MOOCs websites.

All the above directions have to planned; designed and executed and a 'Plan of Action' of each college should be submitted by 31' August, 2023 without fail. Accordingly, the Higher Education wings of both Societies will monitor and review all proposals.

Hence Principals of all (22) TTWRDCs are directed to follow the above without any deviation.

(This has got the note approval of the Secretary, TTWREIS)
