
Mentor meets with mentee at quest.

The Mentor teacher has a set of mentees in her house. The Mentor Teacher takes care of their well being and will be a Loco parent to fulfil all the needs of the student.

The Mentor conducts dear time every Friday to discuss the in-house issues, health, personal issues, and academic issues and resolves it.

The Mentor teacher arranges remedial classes to the low achievers in the concerned subject.

These Mentor teachers visits the house of the mentee to know more about the living community and to interact with the mentees parents and to build the family bondage with them and try to

counsel them on the community related issues.

The Mentor also explains about the gurukulam activities and achievements.

The quest visit has a format to record the data of the mentee student and her family information.

The data also contains the long term goals and also hobbies of the mentee student.
