8. Course outcome	The knowledge, the training, and the abilities instilled made students a perfect fit for a health and fitness to have a better balanced life.							

DEPARTMENT OF BOTANY

CERTIFICATE COURSE Academic year: 2020-2021

Ayurveda- Indian traditional system of medicine

DURATION: 30Hrs

INSTRUCTOR: Dr.B.Mohan

> INTRODUCTION

A medicinal plant is any plant which, in one or more of its organs, contains substances that can be used for therapeutic purposes, or which are precursors for chemo-pharmaceutical semi-synthesis. When a plant is designated as medicinal, it is implied that the said plant is useful as a drug or therapeutic agent or an active ingredient of a medicinal preparation. Herbal medicines are in great demand in the developed as well as in the developing countries for primary health care because of their wide biological and medicinal activities, higher safety margins and lesser costs.

> LEARNING OBJECTIVES

 To coach students to victory and teach how to use the proper medicine to foster cure disease and set up oneself for success. • The training program also aims to develop the personal attributes that will aid students grow and succeed in personal and professional life
