DEPARTMENT OF BOTANY

CERTIFICATE COURSE

Academic year: 2022-2023

Ayurveda- Indian traditional system of medicine

DURATION : 30Hrs
INSTRUCTOR : Dr.B.Mohan

➤ INTRODUCTION

A medicinal plant is any plant which, in one or more of its organs, contains substances that can be used for therapeutic purposes, or which are precursors for chemo-pharmaceutical semi-synthesis. When a plant is designated as medicinal, it is implied that the said plant is useful as a drug or therapeutic agent or an active ingredient of a medicinal preparation. Herbal medicines are in great demand in the developed as well as in the developing countries for primary health care because of their wide biological and medicinal activities, higher safety margins and lesser costs.

➤ LEARNING OBJECTIVES

- To coach students to victory and teach how to use the proper medicine to foster cure disease and set up oneself for success.
- The training program also aims to develop the personal attributes that will aid students grow and succeed in personal and professional life.
