DEPARTMENT OF ZOOLOGY

World Mosquito Day

20-08-2019

Organised by: TTWRDC (W) Khammam, Department of zoology conducted world Mosquito Day.

Date: 20-08-2019.

Objective: To educate student about mosquito borne diseases and their prevention and control measures.

Report: on the occasion of world mosquito day the day is significant as it commemorates Ronald Ross discovery in 1897. That linked female Anopheles mosquitoes to malaria transmission. We department of Zoology has given awareness to students and covered mosquito biology and life cycle, common mosquito borne diseases example malaria, dengue, Zika etc. symptoms, diagnosis and treatment, preventive measurements.

Students actively participated in the presentation asking questions and engaging in discussions.

Student learned about importance of mosquito bite prevention. Effective ways to eliminate mosquitoes breeding site.

Role of individual responsibility in disease Control.

In this session principal, Vice Principal, Faculty members, students participated. Students appreciated the informative session and expressed willingness to spread awareness about mosquito borne diseases.
