DEPARTMENT OF ZOOLOGY

BAN ON SINGLE USE PLASTIC AWARENESS PROGRAM

Organised by: TGTWRDC(G)Khammam, Department of Zoology in collaboration with National Service Scheme.

Date: 22-07-2024.

Objective: To create awareness on harmful effect of single use plastic.

Activity: Poster presentation and display.

Report: As per instruction form from secretary TGTWREIS Hyderabad, we department zoology had conducted poster presentation on awareness about single use plastic.

We are a disaster waiting to happen and it is only a matter of time before our planet gives up on us. We are responsible for the trash on this earth, and it is our job to dispose of it the correct way. There is no reason that you need to use a plastic bag to carry a few items out to your car every time you go to the store. There is no reason you need to drink out of a plastic water bottle when you are very capable of filling a reusable cup. There is no reason as to why we are living our lives the way we are right now. Change needs to be made, and it all starts with our choices. So, let's start with saying goodbye to single-use plastic.

In this program we prepared posters with the help of the students and displayed posters On wall different crucial places of college.

By this activity we are given awareness about harmful effect of single use plastic through slogans and picture this posters.
