Freedom School at Khammam

Organised by: TGTWRDC (G) Khammam –Community Outreach

Date:

Objective:

Community outreach refers to efforts that connect an organization's ideas or practices to the public. Unlike marketing, which is focused on products or strategies that increase market share, **outreach** takes on an educational component that engages the **community**.

As the part of this program we visited **Freedom School** at Khammam

About Freedom School:

Telangana has world class educational institutions that provide quality education in a variety of disciplines and has opportunities in different sectors that one can enter after their education. Students after receiving quality education, are equipped with all the skills required to get into any field of their choice. Telangana has seen an exponential increase in the number of students from the state receiving admissions in numerous reputed institutions across the globe and various other international opportunities is indicative of the quality of education in Telangana.

Freedom school is a democratic school wherein all the stakeholders (from principal to attender) have the freedom to choose all activities of the school which run from dawn to dusk in a free and democratic environment. The main objective of freedom schools is to break all the conventional way of teaching and learning methods like structured classrooms, time bound class periods, exams, passive and rote learning, etc and provide a democratic space for the students to express their inherent potential in various walks of life. The Society runs 87 freedom schools. In Freedom Schools, students are encouraged to pose questions as questioning is the path to enlightenment. The primary focus is questions and discussion rather than memorization of facts and dates. The teachers are well trained to elicit the best from the students in terms of comprehension and their expression of their experiences.
