Haritha Haram program conducted at TTWRDC Girls at Kothagudem, following the guidelines of the Telangana Government and the NSS Cell of Kakatiya University.

- Following the guidelines of the Telangana Government and the NSS Cell of Kakatiya University, a Haritha Haram Program was conducted at TTWRDC Girls in Kothagudem.
- The program saw enthusiastic participation from our NSS volunteers.
- Notable attendees included the Principal, Vice Principal, Administrative Officer, staff, and students.
- A total of 50 plants were planted, both within the college premises and outside the campus.

A Haritha Haram program was conducted in TTWRDC Girls, Kothagudem.

CLEAN AND GREEN PROGRAMME: 18.11.2019

NSS unit participated in a clean and green initiative on November 18, 2019.

- On November 18, 2019, our NSS unit actively participated in a Clean and Green initiative within the hostel campus, store room, and dining hall.
- The volunteers diligently removed wastages from the store room and hostel campus.
- Additionally, they took measures to clear plastic bottles and plastic covers from the campus.
- Their enthusiastic participation greatly contributed to the success of the program.

AIDS DAY 2019:01.12.2019

It appears that an AIDS awareness program and rally were conducted on December 1, 2019, involving the SAKI team and active participation from students, staff, and the principal.

- On December 1, 2019, an AIDS awareness program and rally were organized, with participation from the SAKI team and enthusiastic involvement from students.
- The event aimed to motivate students and raise awareness about AIDS.
- The SAKI team provided clear explanations about how AIDS spreads and the precautions to be taken by affected individuals.
- Both the principal and staff actively participated in the event, contributing to its success.

The NSS volunteers organized an AIDS Awareness Rally on AIDS Day

MEDICAL CAMP: 02.03.2020

- On March 2, 2020, a health camp was conducted at our college campus.
- The camp received support from members of the nearby Primary Health Care Center.
- Students were examined by doctors for various health issues.
- Additionally, 50 blood samples were collected from students during the camp.
- Necessary medicines were distributed to students by health supervisors.
- Doctors provided guidance on overcoming seasonal diseases and maintaining good health.
- The NSS volunteers actively participated in organizing and assisting during the camp.

A medical camp was held at the college campus.
