PROFILE

Degree Lecturer in English with a strong focus on curriculum development and student engagement. Successfully redesigned the introductory English curriculum, which led to a 25% increase in student enrollment and a 15% boost in retention rates. Implemented interactive assessments that enhanced critical thinking skills, resulting in a 30% increase in course satisfaction ratings. Committed to fostering an inclusive and stimulating learning environment, helping students thrive academically and pursue their career goals.

Experienced English lecturer with expertise in curriculum development, language instruction, and assessment design. Skilled in academic writing and research methodology. Passionate about exploring new cultures, reading, photography, music, and sports. Seeking a position as a professor in English to continue sharing knowledge and inspiring students.

WORK EXPERIENCE

10/2000 – present
Mahabubabad, Warangal,
India

ENGLISH FACULTY

Telangana Tribal Welfare Residential Degree College for women, Mahabubabad.

- Designed and delivered engaging English language and literature courses for undergraduate students, accommodating diverse learning styles and backgrounds to foster an inclusive classroom environment.
- Developed a new curriculum for introductory English courses, which resulted in a 25% increase in student enrollment and improved retention rates by 15% over two semesters.
- Implemented interactive assessment methods, such as peer reviews and group projects, helping students enhance their critical thinking and collaboration skills, which contributed to a 30% increase in overall course satisfaction ratings.
- Organized and facilitated workshops on academic writing and research skills, providing students with practical tools that led to a 40% improvement in their final project grades compared to previous cohorts.
- Mentored students in their academic and career aspirations, guiding three students to publish their research in reputable journals, which elevated the department's reputation and visibility in the academic community.
