## Extension Lecture

Name of the Guest	K. Neeraja
Designation	Assistant Professor in Zoology
Date of Lecture	18 / January / 2023
No of Participants	26
Topic Name	Structure of Ecosystem
Faculty Co-ordinator	AFROTAHAN.

### Description :-

The department of zoology was organised an extension lecture, which was delivered by an Assistant Professor K. Neeraja of Dr. B.R.R. Degree college, Jadchavla on the topic :- Structure of Ecosystem. Our students cleared their doubts. They are very much satisfied with this lecture, she has shared a lot of information & interactions of all the animals with the society was explained very well. I thank her for her valuable extension lecture.

---

## Introduction

On 17th February 2023, the Department of Botany organized an extension lecture for B.Sc. B.Z.C. I Year students. The lecture, titled "General Characters of Gymnosperms," was delivered by Mounika, a Lecturer in Botany from TSWRDC (W), Nagarkurnool.

## Lecture Overview

Mounika provided a comprehensive overview of gymnosperms, covering the following key aspects:

- **General Characteristics:** Detailed explanation of the fundamental traits of gymnosperms, including their reproductive structures, types of gymnosperms, and distinguishing features from angiosperms.
- **Classification and Examples:** Overview of different classes of gymnosperms and examples of each, highlighting their ecological significance.
- **Adaptations:** Discussion on how gymnosperms have adapted to various environments and their evolutionary importance.

## Interactive Session

At the end of the lecture, Mounika engaged in a question-and-answer session where she addressed various doubts and queries raised by the students. This interactive segment helped clarify complex concepts and provided deeper insights into the subject matter.

## Attendance and Participation

A total of 25 students attended the lecture. The participation was active, and students demonstrated keen interest in the topic.

## Conclusion

The extension lecture on "General Characters of Gymnosperms" was a valuable educational experience for the students. Mounika's detailed presentation and subsequent discussion enhanced the students' understanding of gymnosperms and their significance in the plant kingdom.

## NOTICE

(Extension Lecture)

This is to inform all B.Sc. B.Z.C. students that the Department of Botany will be organizing an extension lecture on Life cycles of Algae to enhance your knowledge and interest in the subject.

The lecture will be delivered by Dr. G.Rajendar, Assistant Professor in Botany, MVS Government Degree Arts & Science College, Mahabubnagar.

**Date: 9th February 2022.**

**Time: 2:00 PM**

**Venue: Seminar hall**

All students are required to attend the lecture without fail.

**Date:** 9th February 2022

**Topic:** Life Cycles of Algae

**Speaker:** Dr. G. Rajendar, Assistant Professor in Botany, MVS Government Degree Arts & Science College, Mahabubnagar

**Organized by:** Department of Botany

**Audience:** B.Sc. B.Z.C. I Year Students

**Attendance:** 24 students

## Introduction

On 9th February 2022, the Department of Botany organized an extension lecture titled "Life Cycles of Algae." The session was conducted by Dr. G. Rajendar, Assistant Professor in Botany at MVS Government Degree Arts & Science College, Mahabubnagar. This lecture aimed to enhance the understanding of algae life cycles among the first-year B.Sc. B.Z.C. students.

## Objectives

The primary objectives of the lecture were:

1. To provide a comprehensive overview of the different stages in the life cycles of algae.
2. To elucidate the biological and ecological significance of these life cycles.
3. To encourage student engagement and curiosity about algal biology.

## Lecture Content

Dr. Rajendar delivered an informative and engaging presentation covering the following key points:

1. **Introduction to Algae:**
  - o Definition and classification of algae.
  - o Overview of the ecological roles and importance of algae in various environments.
2. **Life Cycles of Algae:**

- Detailed explanation of the general life cycle stages of algae, including gametophyte and sporophyte phases.
  - Distinction between different types of life cycles, such as haplontic, diplontic, and alternation of generations.
  - Examples from various algal groups, including green algae, brown algae, and red algae.
3. **Biological and Ecological Significance:**
- Discussion on the role of algae in aquatic ecosystems.
  - Importance of algae in oxygen production, nutrient cycling, and as a food source for various organisms.
4. **Practical Implications:**
- Insights into the practical applications of algal biology in industries such as agriculture, pharmaceuticals, and environmental management.

### Audience Engagement

The lecture was well-received by the 24 attending B.Sc. B.Z.C. I Year students. Dr. Rajendar employed visual aids and interactive discussions to enhance student understanding and maintain engagement. The students were encouraged to ask questions and share their observations, which led to a lively and informative Q&A session.

### Conclusion

Dr. G. Rajendar's extension lecture provided valuable insights into the complex life cycles of algae and their significance in both ecological and practical contexts. The session successfully met its objectives, contributing to the students' broader understanding of algal biology. The Department of Botany appreciates Dr. Rajendar's contribution and looks forward to more such enriching educational events.

---

## Introduction

On 5th July 2021, the Department of Botany organized an extension lecture for B.Sc. B.Z.C. III Year students. The lecture, titled "**Biodiversity**", was delivered by Dr. P. Srinivasulu, Assistant Professor in Botany at Dr. BRR Government Degree College, Jadcherla.

## Lecture Overview

Dr. Srinivasulu provided an in-depth discussion on biodiversity, covering the following aspects:

- **Definition and Importance:** Dr. Srinivasulu began with a comprehensive definition of biodiversity and its significance in maintaining ecological balance.
- **Types of Biodiversity:** He explained the different levels of biodiversity, including genetic, species, and ecosystem diversity.
- **Threats to Biodiversity:** The lecture highlighted the various threats to biodiversity, such as habitat destruction, pollution, and climate change.
- **Conservation Strategies:** Dr. Srinivasulu discussed various strategies for the conservation of biodiversity, including protected areas, sustainable practices, and conservation policies.

## Interactive Session

At the end of the lecture, Dr. Srinivasulu conducted a question-and-answer session, where he addressed various queries raised by the students. This interactive segment allowed students to clarify their doubts and gain deeper insights into the topic.

## Attendance and Participation

A total of 26 students attended the lecture. The session was engaging, and the students actively participated in the discussions.

## Conclusion

The extension lecture on **Biodiversity** was a highly informative and valuable session for the students. Dr. Srinivasulu's expert insights and thorough explanation greatly enhanced the students' understanding of biodiversity and its significance. The interactive Q&A session further contributed to a comprehensive learning experience.

TELANGANA TRIBAL WELFARE RESIDENTIAL DEGREE  
COLLEGE FOR WOMEN (TTWRDC W) MAHABUBNAGAR

DEPARTMENT OF ENGLISH  
EXTENSION LECTURES

Lecture on Communication Skills:

Through Communication skills, students develop the ability to present their ideas persuasively, advocate for themselves, and engage in debates or discussions with poise. This confidence extends beyond the classroom, influencing interactions in social settings, interviews, and professional environments.

The Department of English has organized a seminar on Communication Skills on 24.08.2021 between 11:00 AM to 12:30 PM. The lecture in this Seminar was given by Asst. Professor of English Dr. Naraharamurthy, BRR Govt Degree College, Jadcherla.

Nandini, Guest lecturer Department of English chaired the session and delivered welcome address. Sreedevi, Guest lecturer introduced the resource person.

Lecture on Communication Skills

## Enhancing Academic Vocabulary:

Academic Vocabulary plays a crucial role in improving student's skills at writing and presentation skills thereby helping them in achieving their goals. Be it speaking or writing, vocabulary is a crucial part of the English language. A strong vocabulary enhances the writing style and helps students to avoid using vague words. The more improvement in vocabulary, the better students explain their ideas and thoughts. Students also get skilled in beautifying their writing with different words. For that, students can master synonyms, homophones, homonyms, etc. A person's vocabulary consists of those words which can be recalled immediately and used most of the time and in different forms. Therefore, improving vocabulary is crucial in using the English language. Students are provided with few tips to improve their vocabulary.

Lecture on enhancing academic vocabulary

## Faculty Development Programme

The Faculty Development programme aims to improve the knowledge, skill and abilities of faculty members thereby supporting the growth and success of academic staff and also contributing to overall quality of education and research at the institution. For this the faculty is trained in pedagogy, research skills, administrative development and other areas which help them to take different roles in development of the institution. These programs are designed to equip faculty members with the tools and knowledge necessary to excel in their roles and to adapt to the evolving landscape of higher education.

## LECTURE ON LSRW SKILLS

LSRW is a way of Learning abilities are Listening, Speaking, Reading, and Writing. With regards to acquiring the Learning abilities, LSRW way of Learning skills are regularly gained by listening first followed by speaking, reading and writing. Hence, these abilities are frequently called LSRW way of Learning. Sir has given various insights.

The Department of English has organized a seminar on LSRW Skills on 24.02.2022 between 11:00 AM to 12:30 PM. The lecture in this Seminar was given by Rajalaxmi, TTWRDC Women, Nagarkurnool.

Nandini, Guest lecturer Department of English chaired the session and delivered welcome address by Sreedevi, Guest lecturer introduced the resource person.

**LECTURE ON LSRW SKILLS**

## LECTURE ON COMMUNICATION SKILLS

Communication skills impact students' ability to persuade people – to enroll students in expressing ideas, their visions, and their creativity. This has a huge impact on how effective students are and the outcomes they experience in life. Effective Communication helps students in their career opportunities and also in every aspect of their life, as it has been major device in one's development these days.

Subject: Permission for Extension Lecture on "MILLER INDICES"

Respected Principal

I am writing to request permission to organize an extension lecture on "MILLER INDICES" for our Physical science students on March 15, 2021, at 2:00 PM. The lecture will be delivered by Sujatha, Lecturer in Physics, a renowned expert in the field of Electronics..

The objective of this lecture is to provide our students with an opportunity to learn about the latest developments in Electronics and its applications. The lecture will be held in the College seminar hall.

I assure you that the lecture will be conducted in a manner that does not disrupt the regular academic schedule and will be beneficial for our students. I request your permission to proceed with the arrangements for the lecture.

Thank you for considering my request.

Sincerely,

Swathi

Notice for Extension Lecture

Date: March 15, 2021

TOPIC: Miller Indices

SPEAKER: Sujatha, Lecturer in Physics.

DATE: March 15, 2021

TIME: 2:00 PM

VENUE: College seminar hall.

FOR: Physical science students

All students of Physical science students are invited to attend an extension lecture on Miller Indices by Sujatha, Lecturer in Physics. The lecture aims to provide insights into the latest developments in Miller Indices and its applications.

IMPORTANT:

- Attendance is compulsory for all Physical science students.
- Students are expected to arrive 15 minutes before the scheduled time.
- The lecture will be followed by a Q&A session.
- For further information, Please contact R.Swathi Head, Department of Physics.

Notice for Extension Lecture

Date: March 20, 2023

TOPIC: Digital Electronics

SPEAKER: Uday Kumar, Assistant Professor in Physics.

DATE: March 20, 2023

TIME: 2:00 PM

VENUE: College seminar hall.

FOR: Physical science students

All students of Physical science students are invited to attend an extension lecture on Digital Electronics by Uday Kumar, Assistant Professor in Physics. The lecture aims to provide insights into the latest developments in Digital Electronics and its applications.

IMPORTANT:

- Attendance is compulsory for all Physical science students.
- Students are expected to arrive 15 minutes before the scheduled time.
- The lecture will be followed by a Q&A session.
- For further information, Please contact R.Swathi Head, Department of Physics.

Subject: Permission for Extension Lecture on "Differential equations"

Respected Principal

I am writing to request permission to organize an extension lecture on "Differential equations" for our Physical science students on 20<sup>th</sup> february, 2023, at 2:00 PM. The lecture will be delivered by MD.Aktharhussaln, AssistantProfessor in Mathematics, a renowned expert Differential euatlons.

The objective of this lecture is to provide our students with an opportunity to learn about the latest developments in Electronics and its applications. The lecture will be held in the College seminar hall.

I assure you that the lecture will be conducted in a manner that does not disrupt the regular academic schedule and will be beneficial for our students. I request your permission to proceed with the arrangements for the lecture.

Thank you for considering my request.

Sincerely,

B Bhagavanthu

Head, Department of Mathematics
