Teacher Feedback Report

Objective of Feedback

An annual survey is conducted to gather teachers' opinions on the services provided by the college. Each year, teachers are invited to complete a feedback form, which allows us to receive valuable suggestions for improving various aspects of the college, including the teaching-learning environment, infrastructure facilities, training and placement services, hostel facilities, and support for extracurricular and co-curricular activities. We highly value this feedback and strive to implement improvements based on it.

Process Adopted for Feedback

Each academic year (2018-19, 2019-20, 2020-21, 2021-22, 2022-23), teachers are asked to complete a printed feedback form provided by the college. Participation in this feedback process is voluntary.

Design of Feedback

The feedback is collected using a four - point scale for rating key services:

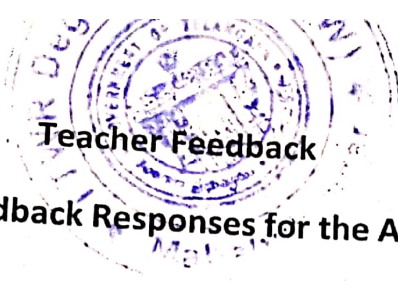

1. Excellent
2. Good
3. Satisfactory
4. Poor

The areas assessed include:

1. The syllabus is well-suited to the course and meets the necessary needs.
2. The course/syllabus maintains a strong balance between theoretical concepts and practical application.
3. The learning objectives are clear and well-suited to the program.
4. The university's system for designing and developing the curriculum is effective.
5. The curriculum emphasizes skill development.
6. The prescribed or listed reference material is relevant, up-to-date, and appropriate.
7. The curriculum is regularly updated.
8. The syllabus includes modern and advanced topics.
9. The syllabus is designed to enhance employment prospects.

In addition to these assessments, suggestions provided by teachers are also taken into consideration.
