

INTRODUCTION:

Effective implementation of the grievance redressal mechanism will not only help to improve the quality of education but also strengthen the trust and confidence of students in the higher education system, for receiving and addressing student grievances our institution formed different committees. The institution believes that grievances led by the students should be addressed, all sort of complaints with a proper mechanism.

The cells should include representatives from various stakeholders, including faculty, staff, and students.

objectives

- The regulations stipulate a time frame for the resolution of grievances, with a maximum period of 60 days from the date of receipt of the grievance.
- The regulations provide guidelines to maintain the confidentiality of students who file grievances and protection against victims
- To create awareness among students about the grievance redressal mechanism, and encourage them to come forward and file grievances without fear of victimization.
- To monitor and evaluate the effectiveness of the grievance redressal mechanism regularly, and take corrective measures if required.
- To create awareness in the committee members to listen & suggest the students complains to redress student grievances effectively.
