

Community outreach

Community outreach allows citizens opportunities to get involved with their city and to choose and act upon the ways in which they believe are most fulfilling to themselves and their neighborhood. Outreach takes on an educational component that engages the community.

S.NO	NAME OF THE FACULTY	DESIGNATION	ROLE
1.	SUDHEER	DL IN POLITICAL SCIENCE	CO-CRDINATORY
2.	A. SURESH	DL IN TELUGU	MEMBER
3.	P. RAMADEVI	DL IN TELUGU	MEMBER
4.	B. PRAVALLIKA	DL IN PHYSICS	MEMBER

Community outreach is about giving, contributing, and helping those who cannot help themselves. Community outreach also allows us to influence younger generations to give back to the community. It helps the community grow in a substantial way.

The outreach programs give full freedom and support to the students to initiate social service of their choice by leading awareness campaigns, visits to old age homes, orphanages, deaf & mute centres, eco-sustainability drives etc. Our students learn early on, the importance of developing the spirit of giving back to society and reaching out to the less privileged and marginalized. Community Outreach activities aim to develop leadership, resilience, empathy and service-mindedness among students.

The Community Outreach Club at Telangana Tribal Welfare Residential Degree Colleges (TTWRDC), including the Boys' College in Manuguru, actively engages students in various initiatives aimed at serving and connecting with the broader community. These activities include:

1. **Health Awareness Campaigns:** Educating the public on topics like COVID-19 safety, handwashing techniques, and preventive healthcare measures.
2. **Social Service:** Programs like distributing lemon juice to laborers during hot weather on occasions such as International Labor Day, creating an impact on vulnerable communities.

3. **Environmental Conservation:** Initiatives like tree plantation drives, raising awareness about environmental protection, and celebrating events like Sunderlal Bahuguna’s birthday to emphasize the importance of saving trees.
4. **Educational Outreach:** Students teach rural children, especially during challenging times like lockdowns, to ensure continuity in education.
5. **Farmer Interaction:** Engaging with farmers to understand and report their challenges, thereby fostering connections between students and local agricultural communities.
6. **Cultural and Civic Engagement:** Observing national events like Independence Day in rural areas to encourage patriotism and community participation.

Such programs not only enhance student awareness and responsibility but also foster meaningful contributions to society, aligning with the college's vision of holistic education. More details about similar activities can be found on TTWRDC's official platforms and reports
