

# **Entrepreneurship cell**

## **Objective:**

The main purpose of Entrepreneurship is to build better financial stability.

Entrepreneurship in education focus on the development of skills and attributes that enable the realization of opportunity, where management education is focused on the best way to operate existing hierarchies. Using this cell students gain practical skills can use in real-world situations helps develop leadership skills they need as future and provides on opportunity for them to identify problems they can solve by building solutions.

## **The Main Functions are:**

- Innovation and creativity
- Risk taking and achievement
- Catalyst of economic development
- Overcoming resistance to change and market research
- 

## **Student as a Entrepreneur:**

All you need a great business idea that adds value to lives of your target audience, a plan, and a resilient mindset.

Once you take action, remember to learn from your mistakes and keep your eye on achieving your goals, both in college and in your business.
