

# PREPARATION OF DIFFERENT TYPES OF SOAPS -

preparation of skin brightening soap for BZC/MZC-II  
sem-III

As a part of interest on cosmetics we prepared skin brightening soap.

Firstly we took soap base and cut it to pieces and after that we took water and heated in the tumbler and we added soap base of pieces into it and boil it for sometime. The soap base become completely liquid and take it into a small dish and add Rice flour powder, turmeric powder and milk. mix it well for sometime and take this content in to a plastic iced cream cup. allow it to dry for sometime. The soap cake is ready.

## preparation of JAN Removing soap npc-11 year sem 1

Firstly we took soap base and cut in to pieces and after that we took water and heated in the tumbler and we added soap base of pieces in to it and boil it for sometime the soap base become completely liquid and take it to a small dish add Aloe vera gel, Milk, Turmeric powder, Honey, Multani Mitti mix it well for sometime and take this content in to plastic icecream cup allow it to dry. for sometime the soap cake is ready.
