About the College:

The inception of Telangana Tribal Welfare Residential Degree College for Women in Rajanna Sircilla along with other 21 degree colleges is a dream come true and materialization of all the hardships and efforts of Tribal Welfare Society which works under the umbrella of Tribal Department, an important wing of Telangana Government. The Vision and mission of Telangana Tribal Welfare Residential Educational institutions is empowering Tribal's through education.

The origination of this college was in the year 2017 , which started with three courses is now catering 12 courses. The college is located in the heart of serene village atmosphere surrounded by lush green fields and pristine mountains. It is a tribal institution affiliated to Satavahana University, Karimnagar and is recognized by UGC under 2(f).

The fully fledged library serves as a temple of knowledge for the students. The well-equipped science labs and Computer labs provides platform for the students to learn through hands on experience.
