

TTWRDC (w) Siricilla
Department of Physics
Career guidance activities

1. Career guidance program:

Topic: Orientation program on higher education

Date of the program: 12-11-2019

Objectives :

- To provide personalised guidance and support to individuals seeking to make informed career decisions.
- To help the students to identify potential career paths that align

About the program:

- An orientation program was conducted to all the final year students about their interest in higher education.
- Discussed about EEE (Education, Employability, Entrepreneur) opportunities in all the subjects .
- Discussed about various opportunities for pg. Physics interested students.
- Provided the information regarding pg specialisation courses in all state universities and Central universities.

Feedback:

Pranaya – MPC 3rd year

- This session was very much required as when it comes to decide what to opt for our career that is going to be beneficial for us in future.

M.Akhila- MPCs -3rd year

- it was very informative and enlightening session. I really enjoyed attending it.

2.Orientation program on IIT JAM, JEST

Date of the program: 24-09-2021

Objectives:

To educate the students to study in IITs, IISc, NITs for MSc and other post-graduation courses.

To give information about integrated PhD in Physics.

About the program:

An orientation program was conducted by the department of physics for the final year students about IIT JAM and JEST. We have discussed about syllabus of exams and paper pattern also discussed weightage of marks for each unit of the syllabus.

Feedback:

1.Gayathri: MPCs-3rd yr

We got clear idea about IIT JAM and JEST from this session. It is useful to prepare for National level entrance exams.

2.Poojitha:

From this session we understood the difference between IIT JAM and JEST. We came to know which colleges will give admissions and how to crack the exams in coming entrance exams.

3.Webinar on Career prospects Of Physics

Date of the program:

Objectives:

1. To provide guidance and assistance for the students to achieve their career goals.
2. To create awareness among students regarding available career options and help them in identifying their career objectives with graduation in Physics.

About the program:

Department of physics conducted a webinar on Career prospects of physics for all bsc physical science students. P.Anil Kumar, Degree lecturer from Mahathi degree college, Siricilla came as resource person and explained about various career opportunities in education, employment and entrepreneurship. He explained about central level entrance exams for higher education in Physics and also State level entrance exams. He explained about all universities entrance exam syllabus with weightage for each chapter in the syllabus.

Feedback from the students:

Vijaya- MPC 3rd year

It is useful webinar to understand different opportunities after completion of B.SC Physics.

P.Rani- MPCs -3rd year

From this webinar we understood about the different universities offering pg Physics and integrated PhD in Physics.
