Information Technology Policy (ICT Policy)

We at TTWRDCW, Suryapet, Telangana realising the critical role of Information and Communication Technology (ICT) in higher education, are committed to the application of ICT for enhancing administrative efficiency and to optimise learning experiences. The College ICT Policy states that:

- Access, economy, efficiency, effectiveness, relevance, transparency, privacy, accountability, sustainability, learner-centred, pedagogically driven and quality assurance shall be the guiding principles of the ICT Policy
- The ICT applications cover the areas like system management, research, teaching and learning, student evaluation, support services, community engagement, student data management, human resource development networking and quality assurance.
- as an ongoing process, ICT applications shall take note of the rapid pace of technology changes.
- ICT policy management shall be integrated with the overall institutional development plan of the college.
- ICT system management must ensure integrity, security and legitimate applications of ICT
- Use ICT effectively for building national and international networks to ensure innovative changes in providing quality education.
- The College shall take appropriate measures for the capacity building of academic, administrative and professional staff to effectively use ICT in all college operations

Policy Statement on the Use of the Information Technology

Preamble

TTWRDCW network control center plays a vital role in network maintenance activities by protecting academic information in all forms. As more information is used and shared in a digital format by students, faculty and staff, both within and outside the institute, an increased effort must be made to protect the information and the technological resources that support it. Increased protection of our information and Information Technology Resources to assure the usability and availability of those resources is the primary purpose of this policy. This information security policy provides the overall framework within which the security of information will be maintained and promoted across TTWRDCW. Specific information security regulations and procedures shall be considered part of this information security policy. It also defines relevant roles and responsibilities that relate to the implementation of this policy.

Vision

- IT Vision: - To be a globally competitive Engineering Institute destination that will strive to provide the latest Information Technological resources to all the students as a form of providing quality engineering education.

Mission

- IT Mission: - To place TTWRDCW amongst the most preferred Engineering Institutes when it comes to IT investment & Implementations through strategic planning combined with developing a globally competitive and sustainable IT Resource Campus environment, thereby making TTWRDCW as one of the most favored IT enabled Institutions.

Policy Objective

The objectives of the ICT policy are as follows:

1. To provide all required IT resources as per the academic programs laid down by AICTE. Also, introduce new IT technologies which will benefit the students and research staff.
2. Create provision for priority up-gradation of the products.
3. Create Provision for Annual Maintenance expenses to ensure maximum uptime of the products.
4. Plan and invest for redundancy at all levels.
5. To ensure that the products are updated and catered 24x7 on the campus or as per the policies laid down by the College Management.
6. Leveraging information technology as a tool for the socio-economic development of the Institute
