VOTER AWARENESS FOR YOUNG CITIZEN

Voting is the most precious right of every citizen, and we have a moral obligation to ensure the integrity of our voting process.” – Hillary Clinton

Voting is a fundamental act of civic participation through which young people contribute to democracy. While it's just one of many ways to engage in civic life, it is a powerful way for young people to make their voices heard and to have an impact on issues that affect them. Voting is important because it is a way for people to have a say in their government and to elect officials who represent their interests. It is also a way for people to hold their government accountable. Voting allows people to have a voice in the decisions that affect their lives.

In addition to being a fundamental right, voting is also important for the health of our democracy. When people do not vote, they are effectively silencing themselves and ceding power to those who do vote. This can lead to bad decisions being made that impact everyone, even those who did not bother to vote.

An awareness program on The Importance of Voting Rights was organized to the students of TTWRDC(W) Suryapet. The students are the new voter who aged Eighteen newly hold the vote in their hands for the first time. They all are with both excitement and with the confusion. The campaign was conducted by the NSS Unit in SV College , suryapet.
