### GREEN POLICY

#### INTRODUCTION:

A Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus . The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of the mankind

**Vision :** To create awareness among young students and public about various environment related problems and conservation of Nature and natural resources in the surrounding area and educating on how to live Eco-friendly.

**Mission:** To bring awareness among the students about the hazards spoiling the environment.

To help the students understand each individual's responsibility to take an initiative to save the environment.

To help students take small steps in saving the environment.

**College Environmental Aims and Objectives :** To sensitize the students to minimize the use of polluting product.

To motivate students to adopt environment friendly practices which include paper bags, save electricity, etc.

To take necessary steps to protect the environment

To encourage students to keep environment clean.

To educate students to create awareness amongst public.

To make students understand the importance of environment and its problem.

**Outcomes** : Awareness is created about the hazards that are spoiling the environment. Students and teachers realize the

**ENVIRONMENTAL POLICY OF THE COLLEGE** Telangana Tribal Welfare Residential Degree College Womens Suryapet is a quality conscious college. It protects its own environment with its green campus initiatives and maintains a pollution free green and clean campus. Environment development is its basic work with the educational policies implemented on the campus. The Institution is committed to managing its campus in accordance with responsibilities towards promoting sustainable environment. These responsibilities can be demonstrated with following areas:

#### Green Environment and Clean Campus:

The students are given strict instructions to maintain the campus clean and it is reflected in their handbooks. Several Quotes related to the importance of clean and green environment are displayed on the campus. A gardener and full time adequate support staff are appointed for the maintenance of litter free clean and Green Ca

**Waste Management:** To increase the green cover in and around the campus. To adopt methods for waste segregation. Take appropriate actions to reduce or recycle municipal waste inside the campus. To manage, collect and dispose e-waste appropriately To reduce hazardous waste and its management . Actions taken to reduce consumption of plastic in the campus. To encourage paperless work culture and recycling/ reuse of paper. Display waste management instructions/alerts at prominent/relevant locations in the campus.

**Water Management :** Adopting following measures in campus to reduce water consumption.

Rain water harvesting o

Change of taps which are either more water efficient

Use of recycled water for watering plants, trees etc

Display water management instructions/alerts at prominent/relevant locations in the campus.

#### Climate Change:

Suitable action taken to reduce environmental pollution due to energy consumption

Creating awareness by organizing seminars, debates, activities related to climate change, environmental protection, and environmental issues.

Promoting some projects/experiments in the education system as part of regular curriculum which is related to environmental aspects

Promoting the use of public transport  
To encourage the concept of green brigade so as to maximize the students involvement.

We intend to pursue a programme of continuous improvement in our procedures, practices and review the policy on a regular basis to evaluate continued relevance and to monitor compliance.
