Save trees - Save the planet

57

Community Outreach programme :-

Date → 22-03-24

* Conducted outreach programme on 22-03-2024, to the purpose of 'Save trees and Save the planet.'

* We all are visited Kommuguda village and awareness of plantation and plant uses and benefits are explained for village people.

* few points are explained about plants. like.

1) Trees give us life, It gives us fresh air to breathe and live a healthy life.

2) Trees are the largest part of our planet where so many living beings build their homes and find shelter in.

3) Trees are lungs of Earth, we should plant new trees and stop deforestation.

Slogan on trees :-

1) Save trees - Save life.

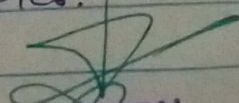

2) Save trees - Save nature

3) Plants can survive without humans But humans cannot survive without plants.

Participants of this outreach programme :-

* B.zc 1st and 2nd and 3rd year students.

* and village (Kommuguda) peoples.
